SELF-ADHESIVE DIGITAL
SHEET RANGE

Dry-Toner

HP Indigo

Digital printing is growing fast thanks to its flexible process. Efficient with HP Indigo Liquid Toner and Dry-Toner systems, the JAC® Digital range ensures the most out of cost-effective, low volume and custom print runs.

JAC® Digital range has been specially developed considering a truly reliable performance equipment protection in order to maintain deadlines and brand reputation. For use in Dry-Toner printing systems, the face material ensures good adhesion of the Toner to prevent damage from scratching. Excellent flatness ensures good runability, smooth passage through machine and clean kiss-cut. For use in HP Indigo Liquid toner printing systems, the facestock guarantees good Toner adhesion even without pre-treatment. Due to the stability of the laminate, the products are characterized by smooth runability as well as exceptional flatness.

KEY FEATURES

Papers are suitable for both printing technologies.

Films for HP Indigo Liquid Toner optimized for ink transfer from the blanket. Films for Dry-Toner optimized for excellent Toner anchoring.

Adhesives designed to perform at high temperatures.

Long grain cut sheets to give the required feeding properties. Release liners selected to provide excellent lay-flat.

KEY BENEFITS

Lower costs for small production runs. Affordable custom printing.

Time savings: less preparation for single and full colors. Excellent color printing results.

Stock orders with flexible service options.
